Our story

Welcome to *Pizzeria dello Squalo*! Our fish-owned and operated joint is always lively. You'll even get to meet Signor Squalo, our hungry shark owner!

Turn of play combo

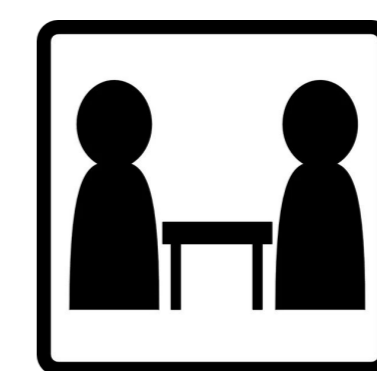

1. Choose **one** type of pizza slices you've grabbed, and *place them onto your tray*.
2. *Play the top 2 cards* from your deck to grab pizza slices and anchovies from the kitchen, or from other players.
3. You can pay anchovies to *upgrade cards* you played to cards from the ticket rail.

Shark attack!

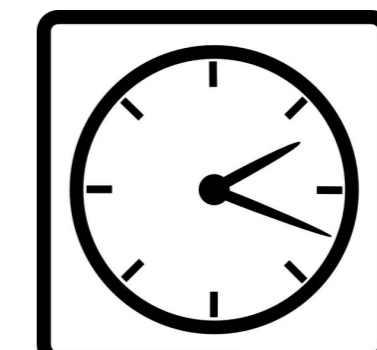

We're jaw-fully sorry, but Signor Squalo likes to snatch pizza from the players before it's on their trays. He wants different kinds of slices each turn, but offer anchovies instead, and he'll take the bait.

Dessert

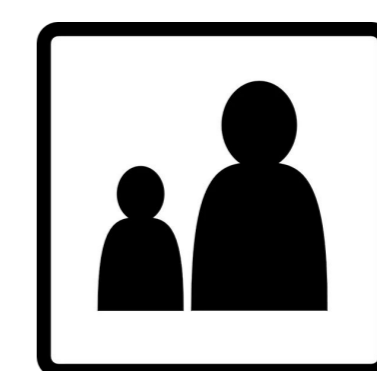

The first player to get 4 complete pizzas on their tray wins.
